Technical Learning Experience Designer (LXD) with a deep specialization in **Simulated Learning Environments** and **AI-Assisted Development**. Leveraging a B.A. in Psychology and an M.A. in Instructional Design to bridge the gap between cognitive science and high-fidelity technical training.

Work Experience

Lead LXD & Consultant | Sino Studio | Vietnam
***Animator Onboarding & Software Simulation Project* | 2025 – Present**

- Conducted stakeholder interviews to **identify** production bottlenecks, leading to a **redesigned** workflow for **20+** junior animators.
- Engineered a **branching narrative** onboarding simulation using Ren'Py and Antigravity to replicate a "Day in the Life" studio environment.
- Developed a **custom software simulator** within the training to replicate Clip Studio Paint workflows, allowing for risk-free technical practice.
- Targeted a significant reduction in post-review rework by implementing competency-based "Job Handover" **assessments**.

Project Lead | Commonwealth University (Special Ed) | Bloomsburg, PA
Professional Ethics Course for Special Education Accelerated Path| 2026

- Led a **team of 5**, managing conflict resolution, realigning project scope, and driving the team to meet all deadlines.
- Conducted comprehensive **Needs Assessment** and **Learner Analysis** to define performance goals and instructional strategies for the "Ethics in Education" online course
- Created high-impact **infographics** and **job aids** designed to reduce cognitive load and simplify complex ethical frameworks for students.
- Produced interactive video content and AI-synthetic voiceovers via **Vyond**, ensuring accessibility and engagement.
- Managed the full technical rollout and **Learner Assessment** integration on the **Desire2Learn (D2L) / Brightspace** platform

Site Lead / Youth Development Specialist | YMCA | Sioux Falls, SD

- Developed and facilitated a multidisciplinary "Science + Art" curriculum for the Y-club, focusing on **project-based learning**.
- Led the "Super Sitters" certification program, **training** and **certifying 20+ learners** in safety and childcare competencies.
- Provided structural **recommendations** to leadership during the transition to the "Y-Club" model to improve learner engagement.

Skills

Need Assessment, Evaluation, Action Mapping, Backward Design, ADDIE, Rapid Prototyping, Articulate Storyline, Vyond, GitHub, PowerPoint, Vercel, Python, React, AI Prompt Engineering, ElevenLabs, Claude Code, IBM AI Developer Certified, AI in Education Certified, Canvas, Brightspace, Moodle.

Education

AUGUST 2026
Master of Arts in Instructional Design and Learning Technologies | Indiana University of Pennsylvania | Indiana, PA

MAY 2024
Bachelor of Arts in Psychology | Augustana University | Sioux Falls, SD
